## TERMS AND CONDITIONS OF SALE

This quotation and any exhibits and attachments hereto (collectively, "Agreement") and any information contained herein, is the property of Schneider Electric Buildings Americas Inc. ("Seller") and shall constitute proprietary and confidential information unless given to a public entity and required by law to be public information. The party to whom this quotation is addressed ("Buyer") acknowledges the confidential nature of this Agreement and agrees to take all commercially reasonable and necessary precautions to ensure the confidential treatment of this Agreement and all information contained herein. The parties agree to be bound by the following terms and conditions.

- Quotations and Acceptance.** The quotation is based solely on project drawings, specifications, and/or instructions of the Buyer only modified by written agreement or Seller objection. Significant deviations between the actual conditions and circumstances of the work and those specified in the bid documents shall be cause for an adjustment in work scope, price, and time allowed for performance. Written quotations shall be valid for no more than thirty (30) days from the date of issue unless specifically stated otherwise herein.
- Payment.** Absent a contrary provision herein, Buyer will pay Seller monthly progress payments on a net thirty (30) days basis from the date of invoice for materials delivered (or stored at an off-site storage facility) and services performed, less any retained reserve which will be mutually agreed upon in writing by the parties. The aggregate amount of any such retained reserves shall be paid by Buyer to Seller within thirty (30) days after the date of substantial completion. If Buyer does not pay Seller, through no fault of Seller, within seven (7) days from the time payment was due, Seller may, without prejudice to any other remedy it may have, upon seven (7) additional days' written notice to Buyer, stop its work until payment of the amount owing has been received and the contract sum shall be equitably adjusted for reasonable costs of shutdown, delay and startup or in the alternative Seller may terminate this contract for material breach and all monies due Seller for services performed and materials delivered shall be paid upon demand. To the extent payments are received and as required by law, and upon Buyer's request, Seller will furnish mechanics lien waivers as the work progresses.  
Seller reserves a security interest in any goods sold to the extent of the invoiced amount to secure payment of Buyer's obligation. In event of payment default, Seller may repossess such goods and a copy of the invoice may be filed with appropriate authorities as a financing statement to event or perfect Seller's security interest in the goods. At Seller's request, Buyer will execute any necessary instrument to perfect Seller's security interest.
- Price and Taxes** If applicable, Buyer shall provide Seller a copy of any appropriate tax exemption certificate for the state(s) into which the goods are to be shipped.
- Changes and Claims.** All materials and labor furnished hereunder shall be in accordance with shop drawings submitted by Seller and approved by Buyer. Any changes in the work as set forth in approved shop drawings, or from the scope of work as described herein, will require a written change order submitted to Seller by Buyer. An equitable adjustment will be made in the contract price or delivery dates or both, and this Agreement will be modified accordingly in writing. The cost or credit to Buyer for performance of such change order shall be determined by mutual written agreement prior to the commencement of any work under such change order. Buyer shall notify Seller promptly in writing of any circumstances arising from the performance of the work herein described, which reasonably may be anticipated to result in a claim or back charge to Seller. Upon Seller's receipt of such notification, Seller shall have five (5) working days in which to remedy such circumstances and to avoid the imposition of such claim or back charge. Seller will not be liable for any claim or back charge where Seller has not been notified in the manner as set forth above.
- Access and Overtime.** This Agreement is based upon the use of straight time labor only during regular working hours (8:00 a.m. to 5:00 p.m., Monday through Friday, excluding Seller's holidays). If Buyer Requests Seller to perform any work outside of regular working hours, overtime and other additional expense occasioned thereby will be charged to and paid by Buyer. If Seller's work is to be performed on the project site, Buyer will afford unrestricted access to Seller and its employees and agents to all work areas.
- Damage or Loss to Equipment.** In the case of equipment not to be installed by or under supervision of Seller, Seller shall not be liable for damage to or loss of equipment after delivery of such equipment to the point of shipment. In the case of equipment to be installed by or under supervision of Seller, Seller shall not be liable for damage or loss after delivery by the carrier to the site of installation; ~~if thereafter, pending installation or completion of installation or full performance by Seller, any such equipment is damaged or destroyed by any cause whatsoever, other than by the fault of Seller, Buyer agrees to promptly pay or reimburse Seller an amount equal to the damage or loss which Seller incurs as a result thereof, in addition to or apart from, any and all other sums due or to become due hereunder.~~
- Delays.** Buyer shall prepare all work areas so as to be acceptable for Seller's work required hereunder. Buyer acknowledges that the contract sum is based upon Seller being able to perform the work in an orderly and sequential manner, as Seller so determines. If Seller's performance is delayed, interfered with, suspended, or otherwise interrupted, in whole or in part, by Buyer, other contractors on the project site, or by any other third party or by any act within the power and/or duty of Buyer to control, then Buyer agrees that it will be liable to Seller for all increased costs and damages which Seller incurs as a result thereof. Furthermore, if Seller is delayed at any time in the progress of the work by any act or neglect of Buyer, or by any separate contractor employed by Buyer, or by changes ordered in the work or by labor disputes, fire, delay in transportation, adverse weather conditions, casualties, or any other causes beyond Seller's control, then the time for completion of the work shall be extended for a period equal to the time lost by reason of such delay.
- Warranty.** Seller warrants to Buyer that all tangible articles manufactured by Seller will be free of defects in workmanship and material and that the work performed will be of good quality and will conform to the requirements of the bid documents. If the article is installed by Seller, Seller's sole obligation under this warranty shall be to provide, without charge, parts and labor necessary to remedy defects which appear within twelve (12) months from the date of beneficial use or occupancy, as applicable. If Seller provides a Certificate of Substantial Completion, such certificate shall conclusively establish such date. If article is not installed by Seller, the warranty period shall be within twelve (12) months of shipment of said article. Warranty claim must be made to Seller in writing within such twelve (12) month period. All transportation charges incurred

in connection with the warranty for equipment not installed by Seller shall be borne by Buyer. Seller warrants that for equipment furnished and or installed, but not manufactured by Seller, Seller will extend the same warranty terms and conditions which Seller receives from the manufacturer of said equipment.

This warranty is the sole and exclusive warranty given with respect to any articles delivered or services performed by Seller. THE WARRANTIES SET FORTH ABOVE ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES EXPRESS OR IMPLIED (EXCEPT WARRANTIES OF TITLE), INCLUDING, BUT NOT LIMITED TO, WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. This warranty is subject to proper installation of the articles (if installation is not performed by Seller or authorized subcontractors of the Seller) and maintenance and storage of the articles in accordance with the specifications and directions supplied by Seller. This warranty does not apply to any defect, malfunction or failure caused by repairs made by other than or without the consent of Seller or the article has been subject to abuse, misuse, neglect, tampering, accident or damage by circumstances beyond Seller's control, including without limitation, acts of God, war, acts of government, corrosion, power fluctuations, freeze-ups, labor disputes, differences with workmen, riots, explosions, vandalism, or malicious mischief, nor to defective associated equipment or use of the articles with equipment for which they were not sold. All of Seller's obligations under this warranty will immediately terminate and be of no further force or effect if all or any part of the purchase price (including any installment payment) with respect to any article covered by this warranty is not paid to Seller when due. If cause of defect is found not to be Seller's responsibility, standard rates for repair or replacement and labor shall apply.

9. **Limitation of Liability.** In no event, except for instances of fraud, willful injury to persons or property, or other circumstances covered by 15 O.S. Sec 212, will Seller's total aggregate liability in warranty or contract exceed the contract price paid for the specific product or service that gives rise to the claim excluding third party claims for personal injury, death or property damage or as may be required by law. IN NO EVENT SHALL SELLER BE LIABLE FOR ANY LOST PROFITS, LOSS OF USE, LOSS OF GOODWILL, BUSINESS INTERRUPTION OR ANY OTHER SPECIAL, INDIRECT, INCIDENTAL, PUNITIVE OR CONSEQUENTIAL DAMAGES OF ANY KIND EVEN IF SELLER HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.
10. **Laws and Permits.** Seller shall comply with all applicable federal, state, and local laws and regulation and shall obtain all temporary licenses and permits required for the prosecution of the work. Licenses and permits of a permanent nature shall be procured and paid for by the Buyer. This contract shall be interpreted and governed under and in accordance with the laws of the jurisdiction in which the goods are delivered or services are performed without regard to its choice of law provisions.
11. **Disputes.** Any controversy or claim arising out of or relating to this Contract, or the breach thereof, shall be settled by good faith consultation and negotiation.
12. **Insurance.** Unless self-insured, parties shall each maintain insurance coverage including without limitation, Workers' Compensation and Employer's Liability at statutory limits, Automobile Liability covering all owned, hired and other non-owned vehicles, and Commercial General Liability covering public liability and property damage with limits generally required for its respective industry with not less than \$1,000,000 minimum coverage per occurrence. Such insurance shall be with reputable and financially responsible carriers authorized to transact business in the state in which the project and services are being performed. No credit will be given or premium paid by Seller for insurance afforded by others.
13. **Clean Up.** Seller agrees to keep the job site clean of debris arising out of its operations. Buyer shall not back charge Seller for any costs or expenses for clean up or otherwise without prior written notice and Seller's written consent.
14. **Severability.** The invalidity or unenforceability of any provision herein shall in no way affect the validity or enforceability of any other provision.
