

ABSENTEE VOTING IN OKLAHOMA – PHYSICALLY INCAPACITATED AND CARE OF PHYSICALLY INCAPACITATED ABSENTEE BALLOT

All voters with active absentee applications are mailed their ballots before each election for which they are eligible. Read instructions included in the packet carefully.

Ballot

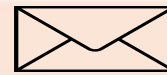

Voter marks ballot using either blue or black ink.

White Security Envelope

Once voted, the ballot is placed in the white security envelope.

Pink Affidavit Envelope

The security envelope is placed in the affidavit envelope.

Postage Required

Postage is required for mailing.

Green Return Envelope

Once signed, place the affidavit envelope in the green return envelope.

Signatures Required

The affidavit envelope must be completed, signed by the voter and two witnesses.

Election Board

At the election board, return envelopes are scanned by staff to record the date received and secured in a locked ballot box.

Voters can check the received status of their ballot on the OK Voter Portal at oklahoma.gov/elections.

Election Board Meeting

At a county election board meeting, the ballot box is opened and emptied.

Pink Affidavit Envelope

The board inspects that the affidavit envelopes are completed and properly signed.

Green Return Envelope

Return envelopes are opened and affidavit envelopes removed.

Ballot Box

The board members each have a key to unlock one of the three locks on each ballot box.

White Security Envelope

Approved affidavit envelopes are opened and security envelopes are removed, separated from the affidavits, and secured until counting.

Ballot

Security envelopes are opened and ballots are then scanned and securely stored.

Scanners are never connected to any form of network or internet.

Determination of whether or not your absentee ballot counted can be found on the OK Voter Portal the day after the election, typically by 5 p.m.

At 7 p.m., never before, on election night, all absentee ballot results are reported.
